Presenters are requested to stand by their poster during the Poster Session Time allocated to them in the acceptance email.

The pre-requisite for successful posters is good visual presentation, so that your work arouses interest! This can best be achieved by observing the following guidelines:

1. **Max.** poster measurement is: **width: 94 cm; height: 160 cm** (vertical presentation)

2. We suggest to design your poster in the following sections:

- Title, author, address (on the upper edge, across the width of the whole poster)
- Abstract
- Introduction and Purpose
- Methods
- Results
- Conclusions

3. The title should be emphasised by the use of a bold type face. This writing should be easily readable at a distance of 2 – 3 meters. The text can be broken up by the inclusion of drawings and/or photos.

4. To promote your work, you may like to bring handouts for distribution to interested delegates.

5. Poster numbers will be provided and fixed at each poster wall. Your poster number can be found from mid July on the ESRS congress website www.congrex.ch/esrs2010 under the link "Scientific programme"

6. Material to affix the posters will be provided.

7. From end of June a link can be found on the congress website www.congrex.ch/esrs2010 to a professional **poster production service**.

8. Authors must **strictly observe** the mounting and removal times. If a poster has not been removed by the end of the allocated removal time, it will be disposed of by congress staff.

9. Authors are requested to be present at their poster during the whole time of the poster presentation. In order to have the abstract published and benefit from the lower registration fee, please register before **28 May 2010**.
