

FIDIC Sponsorship & Exhibition Programme

FIDIC 2011 Conference in Davos (2–5 October) ***“Local Resources – global perspectives”***

Advanced skills rooted in viable and effective organisations are essential for supplying state-of-the-art solutions to global infrastructure challenges. The vital ingredients for success can only be maintained in a wide variety of very different contexts by enhancing the capacity of local industries, their partners, firms and the people involved. The key to capacity development is to ensure that the resources of the consulting industry and its partners continue to match client needs everywhere in the key areas, in line with global trends and international best practices.

FIDIC 2011 Davos will apply the lessons of London and New Delhi to focus on what creates the real successes of this industry, and enables quality services to be provided to meet the growing demands of society – its human resources.

FIDIC 2011 Davos will recognise that advanced skills must be rooted in viable and effective organisations in order to supply innovative state-of-the-art solutions to global infrastructure challenges. The vital ingredients for success can only be maintained in a wide variety of contexts by enhancing the capacity of the local consulting engineering industry, its partners, firms, and the people involved, and by bridging the gap between developed and developing countries.

We invite you to join us in highlighting the fact that the key to capacity building is ensuring that the resources and competence of the consulting engineering industry and its partners continue to match client needs everywhere in key areas in line with global trends and international best practice. Your sponsorship will help FIDIC ensure that the 2011 Conference is our most successful to date.

Partnering with FIDIC through the sponsorship packages outlined in the following pages will ensure visibility, and increase your brand awareness and impact at national and international level, at the consulting engineering industry's premier networking event which is attended by an average of 700 participants from 65 countries. To book one of these sponsorship opportunities, discuss the possibility of a tailor-made sponsorship package, or for additional information, please contact Italo Goyzueta, Practice Manager at igoyzueta@fidic.org

We look forward to partnering with you on this important event!

Exhibition Opportunities

Our exhibition space will provide a unique opportunity for exhibitors to showcase their products and services to an estimated 700 plus consulting engineers. Our exhibition area will be officially opened by the FIDIC and the hosting Member Association following the opening ceremony on **Monday 03 October**.

Standard booth* cost CHF 2,500 (booth size approx 2.5m²). The following is included (no refund/no substitution possible):

- 1 x table
- 2 x chairs
- 1 x waste-paper basket
- Electricity outlet
- Existing carpeting
- Two exhibitor badges which include participation at the Opening Ceremony.

A number of other *ad-hoc* made-to-measure sponsorship options are available (including sponsorship of internet cafe, of the Young Professionals Management Training side-programme, lunches, coffee breaks, logo-bearing gifts for conference participants, etc.) as are in-kind opportunities.

Should you be interested in exploring these opportunities for your organisation, please contact Mr Italo Goyzueta, Practice Manager at igoyzueta@fidic.org
